OUSLEY JUNIOR HIGH TEACHER OF THE MONTH
ESTHER SPRADLING

Bachelor of Science, Biology, West Texas A&M University
Master of Education, Secondary Ed, Wayland Baptist University

Third year teaching. Loves working with kids – it is never boring! Every day is interesting and fun. I love teaching science because it helps students to understand the world around them and see things in a different light. Also, there’s nothing like the satisfaction of helping a student understand a concept or make improvements in their progress, their grades, or their life!

My faith is most important in my life. I also love to go running and I enjoy snowboarding. I love spending time with family and friends. My favorite TV shows are The Office, Dual Survival, and Man vs. Wild.

I have a husband (Dustin) and a 4-year old daughter (Eva). We are also expecting a little boy in April! We also have a cat (Ella) who loves to knock things off of the Christmas tree. Other interesting stuff: I like cartoons, like Sponge Bob and Adventure Time. I am also a spelling bee nerd. I always participated in the spelling bee in junior high, and one year, I advanced to Washington DC for the national spelling bee.
